Professional Summary

Recently graduated with a B.Tech degree in Computer Science (2026) and hands-on experience in full-stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js). Skilled in building scalable web applications, integrating RESTful APIs, implementing JWT authentication, and deploying applications on cloud platforms like Vercel and Render. Strong foundation in Data Structures and Algorithms (DSA), problem-solving, and modern frontend technologies.

Technical Skills

Languages:	JavaScript (ES6+), Python
Frontend:	React.js, HTML5, CSS3, Tailwind CSS, Material UI
Backend:	Node.js, Express.js
Libraries:	Three.js, React Three Fiber, Framer Motion
Databases:	MongoDB, Mongoose, SQL, MYSQL
Concepts:	REST APIs, JWT Authentication, Ai Integration, React Hooks, CRUD Operations, Responsive Design
Tools:	Git, GitHub, Postman, VS Code, Anti gravity
Cloud / Deployment:	Vercel, Render, Netlify

Experience

MERN Stack Intern

Jul 2025 – Sep 2025

Substring Technologies

- Built responsive and reusable UI components using React.js and Tailwind CSS.
- Integrated frontend features with backend REST APIs for seamless data flow.
- Implemented backend functionality using Node.js and Express.js.
- Collaborated with developers to debug issues, improve application stability, and enhance user experience.

Projects

Awaze-E-Janata | Live Demo

Ongoing

- Developing a full-stack complaint management web application using React.js, Ai integration Node.js, Express.js, and MongoDB.
- Implemented features for complaint registration, tracking, and real-time status updates.
- Focused on improving transparency and accountability in complaint resolution.
- Built responsive dashboards, integrated APIs, and designed a modern UI using Tailwind CSS.

Personal Portfolio Website | Live Demo

Aug 2025

- Designed and deployed a professional portfolio website showcasing projects, skills, and experience.
- Built the frontend using React.js, JavaScript, and Tailwind CSS with a responsive layout.
- Added animations and interactive UI using Framer Motion and Three.js.
- Deployed the application on Vercel for public access.

Education

Bachelor of Technology in Computer Science

Aug 2022 – May 2026

Goel Institute of Technology & Management, Lucknow

Achievements

- Developed multiple full-stack and frontend web projects using the MERN stack.
- Gained practical experience in responsive UI development, REST API integration, and deployment.
- Continuously improving skills in advanced frontend technologies including Three.js and React Three Fiber.
